India being one of the fastest growing economies in the world has a great potential for growth in every sector. Logistics sector is the backbone of development and a strong and growing logistic sector indicates healthy trend of growing economy. The impetus provided by the Government of India is expected to boost the economic growth and special focus on infrastructure will further help Logistics Industry to grow. As per the Economic Survey 2017-18, the Indian logistics sector provides livelihood to 22 million-plus people and improving the sector would facilitate a 10% decrease in indirect logistics cost, leading to a growth of 5-8% in exports. Further, the Survey estimates that the worth of Indian logistics market is expected to reach US\$ 215 billion by 2020 growing a CAGR of 10.5 percent.

Today, the Indian logistics sector is a sunshine industry and is going through a phase of transformation. With large multinationals players entering Indian market with introduction of new technologies, the face of logistics sector is changing fast. India today is looking at developments in Logistics Services, Warehousing, Cold Storage, Shipping and Ports where huge investment are expected.

>> LOGISTICS 2019

End to End Solutions to Move the World

Confederation of Indian Industry (CII) along with CII Institute of Logistics is organising the 10th edition of its premier and exclusive exhibition “**Logistics 2019**” from 3 – 5 February 2019 at Pragati Maidan, New Delhi. Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has around 9000 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from around 265 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, healthcare, education, livelihood, diversity management, skill development, empowerment of women, and water, to name a few.

As a developmental institution working towards India's overall growth with a special focus on India@75 in 2022, the CII theme for 2018-19, India RISE : Responsible. Inclusive. Sustainable. Entrepreneurial emphasizes Industry's role in partnering Government to accelerate India's growth and development. The focus will be on key enablers such as job creation; skill development; financing growth; promoting next gen manufacturing; sustainability; corporate social responsibility and governance and transparency.

With 65 offices, including 9 Centres of Excellence, in India, and 11 overseas offices in Australia, China, Dubai, Egypt, France, Germany, Iran, Singapore, South Africa, UK, and USA, as well as institutional partnerships with 355 counterpart organizations in 126 countries, CII serves as a reference point for Indian industry and the international business community.
