LOGISTICS MARKET - AN OVERVIEW

The logistics is the backbone of the global economy, connecting businesses, consumers, and nations through efficient movement and distribution of goods and services. Its continued development and optimization are essential for fostering economic growth, trade, and sustainable development worldwide. The global logistics market size was accounted for USD 9.7 trillion in 2024 and it is expected to be worth around USD 15.9 trillion by 2032 with a noteworthy CAGR of 6.4% from 2024 to 2032.

India being one of the fastest growing economies in the world has a great potential for growth in every sector. India's transportation and logistics industry is set to play a pivotal role in supporting the country's ambitious growth aspirations to reach a staggering US\$26 trillion by FY 2048. The India Freight and Logistics Market size is estimated at USD 317.26 billion in 2024, and is expected to reach USD 484.43 billion by 2029, growing at a CAGR of 8.83% during the forecast period (2024-2029). The logistics sector in India is predicted to account for 14.4% of the GDP.

The Government has launched substantial infrastructure development projects such as PM Gati Shakti, the National Logistics Policy, Logistics Efficiency Enhancement Programme (LEEP), development of Dedicated Freight Corridors (DFCs), Bharatmala Pariyojana, Sagarmala Programme, formulation of the National Rail Plan (NRP), National Infrastructure Pipeline and Jal Marg Vikas Project with a specific focus on strengthening the logistics sector. These initiatives are viewed by the industry as crucial steps towards positioning India as a central hub for manufacturing. Also, the Government increased the capital investment outlay to Rs 11 lakh crore during the recent Interim budget 2024, to build infrastructure and strengthen India's position in the global supply chain.

Given this background, CII is organising the 13th edition of "Logistics 2025" - India's Premier and focused show offering end to end solutions in the Logistics Industry. This will be part of the 26th edition of International Engineering and Technology Fair (IETF 2025), a premier biannual event of CII since the year 1975.

Logistics 2025 will be an ideal platform for companies involved in Logistics, Supply Chain, Transportation, Shipping & Port, Material Handling, Warehousing & Storage Equipment, Automation & Robotics, Consultancy and IT related business to showcase on their products & service, latest trends and Technologies to the industry and to strengthen their brand awareness to the stakeholders.

Event Fact Sheet

>> LOGISTICS SUMMIT

Logistics Summit is the flagship event of CII Institute of Logistics where all the stakeholders from the Logistics Industry gather to deliberate in new technologies, solutions, trends and issues of Logistics sector. The Summit is addressed by government officials, top leaders and experts from the industry.

Summit is expected to be attended by 250+ delegates across the globe.

>> EXHIBITOR PROFILE*

Logistics Services Pavilion

- 3PL and 4PL
- Transportation / Fleet Operators
- Freight Forwarders
- Warehousing & Storage
- Shipping Lines
- Ports / Terminals / SEZs
- Logistics Service Providers
- Express Services - Courier
- Air Freight / Sea Freight
- Consultancy
- Labelling & Packaging Solutions
- Project Cargo / Bulk Cargo / Multimodal
- Commercial Vehicle

Logistics Hardware / Material Handling Equipment Pavilion

- Forklifts / Stackers / Cranes
- Hydraulic Jacks
- Hoists

- Conveyors
- Weighing Instrument and Metering Device
- Scissor Lifts / Platforms
- Dock Levelers
- Pallets
- Robot and Handling System
- Carousels
- Bins & Containers

Storage Equipment & Systems

- Racking Systems / Shelving Systems
- Automated Storage & Retrieval Systems (ASRS)
- Cargo Shelves

Warehouse Equipment & Systems

- Automated Guiding Vehicles (AGV)
- Tank & Trailers Commercial Vehicles

Logistics Technology Pavilion

- Enterprise IT Solutions - SCM, ERP, CRM
- Software & IT Solutions for Logistics & SCM
- Inventory Management Systems
- E-Procurement & Fulfillment E-Markets
- Logistics Information & Telematics Automation Systems
- Communication Technology & equipment
- Security Solution & Equipment
- Telecommunications
- ADC & Bar code
- E-Commerce
- Tracking Systems
- Others

*This list is illustrative only

>> VISITOR PROFILE*

Logistics and Supply chain professionals from the following sectors:

- Automotive | FMCG | Chemicals | Petrochemicals | Retail | Apparels | Dairy and Processed Foods | Cement | IT Hardware | Electronics | Contraction | Machine tools; etc.
- Government Officials | Trading Companies | Logistics Services Providers | 3 PL/4PL Operators | Shipping companies | Warehouse operators | Terminal Operators | Containers freight stations | Transport companies etc.
- Others

Confederation of Indian Industry

ABOUT CII

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with around 9,000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 365,000 enterprises from 294 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness, and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Through its dedicated Centres of Excellence and Industry competitiveness initiatives, promotion of innovation and technology adoption, and partnerships for sustainability, CII plays a transformative part in shaping the future of the nation. Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

For 2024-25, CII has identified "Globally Competitive India: Partnerships for Sustainable and Inclusive Growth" as its Theme, prioritizing 5 key pillars. During the year, it would align its initiatives and activities to facilitate strategic actions for driving India's global competitiveness and growth through a robust and resilient Indian industry.

With 70 offices, including 12 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with about 300 counterpart organizations in almost 100 countries, CII serves as a reference point for Indian industry and the international business community.
